FORMAL TRANSMITTAL OF THE FINAL STANDARD OPERATING PROCEDURE (SOP) FOR COLLECTION OF FLOOR/EQUIPMENT RINSATE SAMPLES FOR OPERABLE UNIT NO 15 (OU 15) - WSB-268-93

The purpose of this correspondence is to formally transmit the final SOP for Collection of Floor/Equipment Rinsate Samples (i.e., changes made per the Department of Energy/Rocky Flats Office [DOE/RFO] comments) for your review and submittal to the Environmental Protection Agency (EPA) and the Colorado Department of Health (CDH) Please find enclosed the following

- 1) Six copies of the SOP (i.e., two for DOE records, two copies for submittal to EPA, and two copies for submittal to CDH),
- 2) Responses to DOE Comments on the Draft SOP and SOP comment concurrence form, and
- 3) Informal responses to EPA and CDH verbal comments obtained Friday, May 14, 1993

EG&G has taken a proactive stance in responding to EPA and CDH verbal SOP comments in order to attempt to submit an approvable SOP to EPA and CDH. It is necessary that the comment and response period of the SOP be expedited in order to ensure that the Interagency Agreement (IAG) Schedule for OU 15 is maintained. EG&G suggests that a response (i.e. approval of the SOP) be requested from EPA and CDH as soon as possible
